

MEMORANDUM

TO: Stephen Hunter, Chair and Members of the Village of Dobbs Ferry Planning Board

FROM: Valerie Monastra, AICP
Sam Justiniano, Planning Analyst

CC: Dan Roemer, Building Inspector
Anthony Oliveri, P.E., Village Engineer
Dan Pozin, Village Attorney

DATE: December 28, 2022

RE: 10 Hamilton Avenue (Rivertown Square)

Mario Lombardo ("Applicant") is seeking Site Plan approval for the construction of a 1,149 sq. ft. pergola with a retractable roof and walls for exterior dining for up to 58 patrons ("Project"). The proposed pergola will be located in the area designated for outdoor dining, enabling this space to be used during inclement weather. The Applicant provided a letter from the owner, Regency Centers, that permits the submission of a Site Plan application. The property is located at 10 Hamilton Avenue, Section Block and Lot 3.180-156-2 ("Project Site") and is in the CP, Chauncey Park Zoning District.

GENERAL AND PROCEDURAL COMMENTS

1. **County Board Referral.** A notification was sent to Westchester County Planning Board per sections 239 L, M, and N of the New York State General Municipal Law and section 277.61 of the County Administrative Code because the project is within 500 feet of the boundary of the Village of Dobbs Ferry and within 500 feet of the Saw Mill Parkway.
2. **Village Clerk Notification.** Per Section 239 NN of the New York State General Municipal Law, this project will require notification to the Village of Ardsley and the Town of Greenburgh as it is a site plan review and within 500 feet of the adjacent municipality. Notice shall be given by mail or electronic submission at least ten days prior to the public hearing(s).
3. **SEQR.** This application is categorized as a Type II action under SEQR because it consists of the "construction or expansion of a primary or accessory/appurtenant, non-residential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with land use controls." No additional SEQR review is necessary.

4. **Site Plan Approval.** This application requires Site Plan approval by the Village Board of Trustees and a recommendation from the Planning Board per Section 300-52 of the Zoning chapter. A public hearing conducted by the Village Board will be required for Site Plan approval.
5. **Zoning.** The project site is in the CP, Chauncey Park Zoning District. The Applicant provided a bulk table for the CP district. The proposed pergola will meet the bulk requirements of the district.

This project will increase the seating by 58 patrons. The Applicant proposes to use the existing parking lot to accommodate the additional patrons. A review of the prior site plan approval was undertaken, and there were no restrictions on the parking that would prevent Lombardo's from accessing the existing spaces for their proposed expansion. The Building Department affirms that the existing parking can accommodate the additional seating.

6. **Site Plan.** Regarding our previous comments regarding the site plan, the applicant has provided an alternative design that provides an ADA-compliant path between the parking lot north of the restaurant and the entry terrace of Urgent Care shown on sheet A-2.2. It appears that this proposed plan meets the ADA requirements. We defer to the Building Inspector to verify that this proposed plan will meet the ADA requirements.
7. **Architectural and Historic Review Board.** This application will require Architectural and Historic Review Board approval by the Village Board and a recommendation from the AHRB.
8. **Local Waterfront Revitalization Consistency.** The Village Board will need to make a consistency determination with the Village's LWRP per §300-52 (D) as part of its final Site Plan approval. The Applicant has provided a Coastal Consistency Form.

SUBMISSION MATERIALS

The following materials were submitted by the Applicant and examined by our office for the preparation of this review:

- Letter to Planning Board by Gotham Design Planning and Development Ltd. dated December 20, 2022
- ADA Memorandum by Gotham Design Planning and Development Ltd. dated December 18, 2022
