

**June 8, 2022**

**From: *The Livingston Ridge Board of Managers***

**To: *The Dobbs Ferry Village Building Department***

**This letter acknowledges and permits Mr. Renato DiRusso, owner of 55 Livingston Ave., to install an overflow pipe from the stormwater containment system at 55 Livingston Ave., to the stormwater drain on our property, as proposed in the attached diagram. The installation of this overflow will prevent damage to our property in the event of a major flood and we feel it is in all of our interests to have this work completed.**

**Sincerely,**

**Barbara Ginsberg**

***President,***

***Livingston Ridge Board of Managers***
