Re: 72 Colonial Ave.

S/B/L 3.120-113-10

Dear Mr. Dickey

Pursuant to a review of the submitted proposed plans to construct a new fence, the following determinations were made.

The property is located in the OF-5 Zone. Requiring one variance.

1. The Maximum front yard fence height is 4' and shall be no greater than 60% opacity the proposed fence height in the front yard is 6' thus requiring a height variance for 2' in the front yard.

For these reasons your proposal, as submitted, is denied pending zoning board review.

If you have any questions, please contact the Building Department at (914) 231-8511.

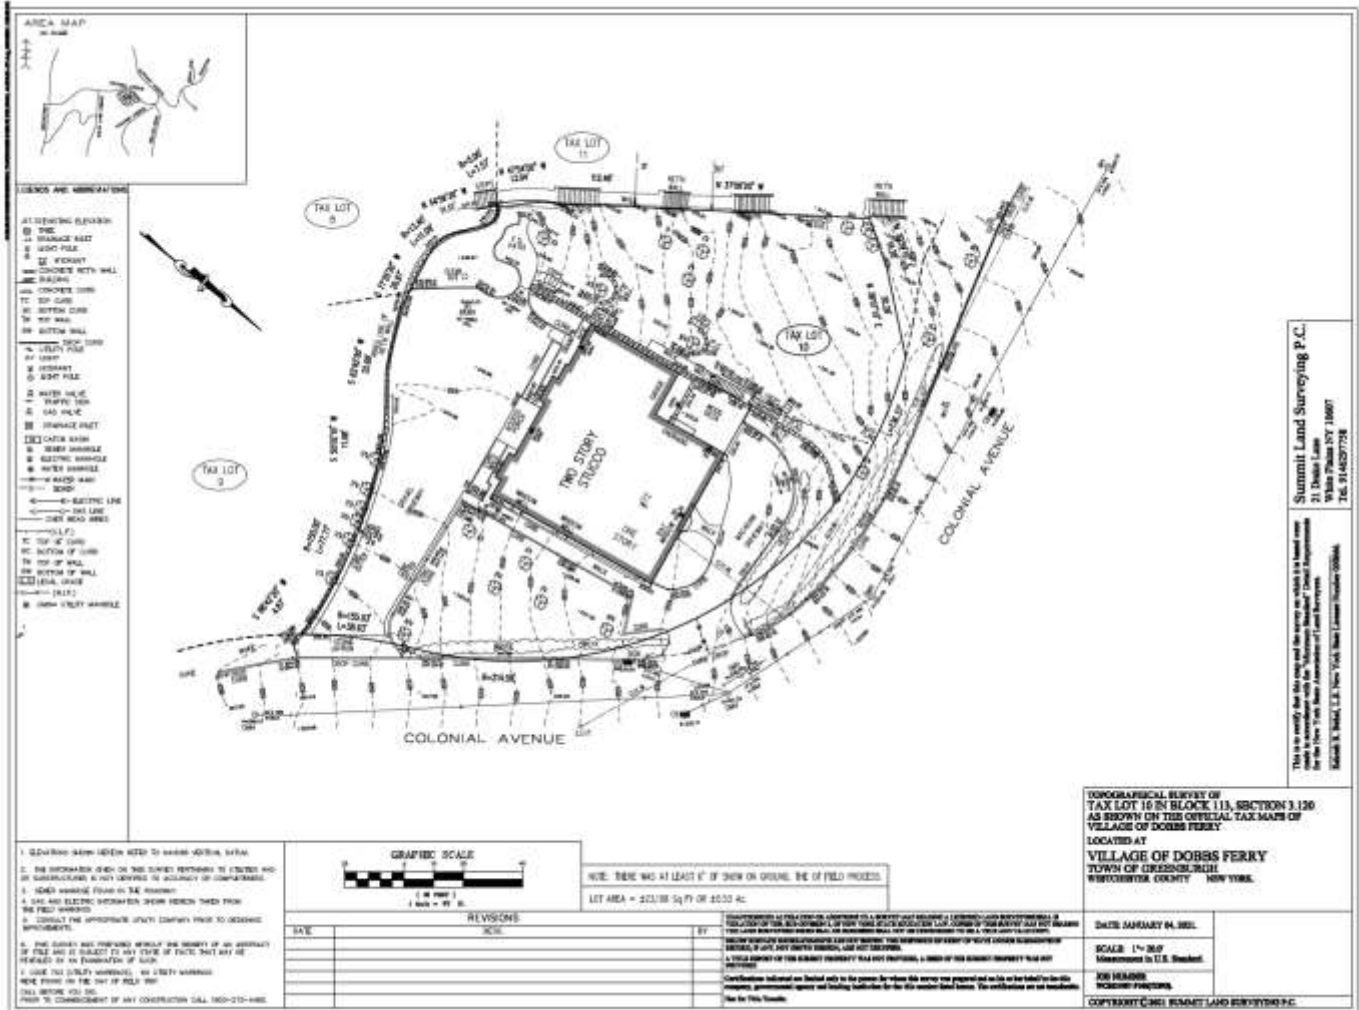

Respectfully,

**RESOLUTION 6-2022**

**RESOLUTION OF THE ZONING BOARD OF APPEALS  
OF THE VILLAGE OF DOBBS FERRY IN THE MATTER OF THE APPEAL AND  
APPLICATION OF ROBERT DICKEY (“OWNER”) OF PROPERTY LOCATED AT 72  
COLONIAL AVENUE, DOBBS FERRY, N.Y., (“PROPERTY”) WHICH APPEAL IS FROM A  
DECISION OF THE BUILDING INSPECTOR OF THE VILLAGE OF DOBBS FERRY  
AFFECTING THE PREMISES DESIGNATED ON THE TAX ASSESSMENT MAPS OF THE  
VILLAGE OF DOBBS FERRY AS SECTION 3.120, BLOCK 113, LOT 10 IN THE OF-5 ,ONE-  
FAMILY RESIDENTIAL 5 ZONING DISTRICT**

**WHEREAS**, this application involves property located at 72 Colonial Avenue, Village of Dobbs Ferry, County of Westchester and State of New York and designated as Section Block and Lot 3.120-113-10, in the OF-5, One-Family 5, Zoning District; and

**WHEREAS**, the Owner sought relief from Chapter 300, Zoning and Land Use, of the Village of Dobbs Ferry, New York and requests a variance to construct a six (6) foot fence in the front yard; and

**WHEREAS**, in accordance with Article 8 of the Environmental Conservation Law (SEQRA) and the implementing regulations (6 NYCRR Part 617), the Zoning Board of Appeals (“ZBA”) has considered all of the impacts of the action and has determined that the Proposed Action is a Type II because it consists of the construction and placement of a fence not changing land use or density (6 NYCRR § 617.5(c)(12)); and

**WHEREAS**, the Zoning Board of Appeals has reviewed the application materials including the following:

1. Zoning Board of Appeals application dated May 15, 2022;
2. Building Inspector denial letter dated June 27, 2022;
3. Survey prepared by Summit Land Surveying P.C. dated January 4, 2021; and

**WHEREAS**, the Owner is seeking a fence height of six (6) feet where the maximum front yard fence height is four (4) feet; and

**WHEREAS**, pursuant to the applicable provisions of law and after due notice and publication, a public hearing was held on July 13, 2022, at which time all those wishing to be heard were given the opportunity to be heard, and the public hearing was closed on July 13, 2022; and

**WHEREAS**, members of the ZBA are familiar with the property and its location;

**NOW, THEREFORE, BE IT RESOLVED**, the Zoning Board of Appeals has investigated this application and has given its full consideration to the testimony presented at the hearing and hereby finds that based upon the findings, reasoning, and conditions set forth below the application to the Zoning Board of Appeals for the requested variance is denied:

**DRAFT MINUTES – NOT TO BE USED AS AN OFFICIAL DOCUMENT**

1. In accordance with Section 7-712-b of the New York State Village Law and Section 300-24 of the Zoning and Land Use chapter of the Village of Dobbs Ferry, the ZBA must determine whether the benefit to the Applicant, if the variance is granted, outweighs the detriment to the health, safety, and welfare of the neighborhood and community. In rendering its determination and decision, the Zoning Board of Appeals finds the following:

**A. Whether an undesirable change will be produced in the character of the neighborhood or be detrimental to nearby properties.**

The ZBA finds that the benefits to the applicant do not outweigh the possible detriment to the neighborhood. The property owner is seeking to install a six (6) foot fence in the front yard where the maximum front yard fence height is four (4) feet. The property owner stated that his interest in installing the higher fence was to deter deer from entering the yard as well as privacy for a play area. The Board found that the reasons identified by the property owner for the variance are not unique to this property because all properties in Dobbs Ferry are subject to deer entering their yard, and the Board also found that a four (4) foot fence would provide adequate privacy and a measure of deer deterrence and a six (6) foot fence was not needed. The Board also found that approving the variance would create an undesirable character in the neighborhood by creating a visual barrier in a front yard that is not intended in the zoning code.

**B. Whether the benefit sought can be achieved by some method other than an area variance.**

The property owner would be able to install a fence and obtain privacy and a measure of deer deterrence without the variance.

**C. Whether the variance is substantial.**

The ZBA finds that a six (6) foot fence facing the street would be a substantial variance.

**D. Whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district.**

The ZBA finds that the proposed fence would create an adverse effect on the physical or environmental conditions in the neighborhood if the requested variance is granted because it would not contextually fit into the neighborhood and would have a forbidding appearance that is inconsistent with the character of the neighborhood and the district.

**E. Whether the alleged difficulty was self-created.**

The ZBA finds the alleged difficulty is self-created because the owner acquired the property subject to the restriction from which he now seeks relief.

This order was duly made by the Zoning Board of Appeals on the 13th day of July 2022.

Motion by: Mr. Gombos      Seconded by Acting Chairman Gutman
