Date: January 17, 2023

Re: 14 Oranges Presentation / Village of Dobbs Ferry Phone App

The City of Rye has developed a phone app which puts all pertinent information about their city government in an easily accessible app for their residents.

We have reached out to the company that created the app for the City of Rye, and asked them to provide a short presentation on what it would be involved in creating a similar app for the Village of Dobbs Ferry. Karim Mansour, Inside Sales Representative from 14 Oranges Software Inc will be sharing via Zoom a brief overview of their company, information on the set up time and initial fees, as well as the ongoing annual maintenance fees for this phone app for your consideration.

If you would like to view the City of Rye's app before the meeting, it can be downloaded from the App Store by searching "City of Rye".
