Subject: Authorize the Fire Department to declare a 1999 Seagrave pumper as surplus equipment

Date: March 26, 2024

As you are aware, in November of 2021, the Board of Trustees Authorized the Fire Department to purchase a new pumper to replace our 1999 Seagrave. The new pumper is scheduled to be delivered by late May or early June.

With that being said, at this time I am requesting that the Board of Trustees declares the current 1999 Seagrave pumper as surplus equipment, so that we can sell it once the new pumper arrives and is placed into service.

Thank you for your help with this matter, please contact me with any questions.
