Cannabis Law

MCCARTHY FINGAR LLP

McCarthy Fingar LLP is an AV preeminent[®] rated law firm that has been serving clients in Westchester County, the Hudson Valley, and New York City area for over 75 years.

The firm has recently become the go-to legal resource for clients attempting to navigate the newly legalized cannabis industry in New York. Prohibiting cannabis on a federal level has resulted in significant and complex hurdles, which businesses will encounter when entering the industry. Our cannabis lawyers have been heavily involved in the creation of the Marihuana Regulation and Taxation Act (MRTA) and are familiar with local, state, and federal laws, staying on top of the ever-evolving industry. We help our clients understand the laws that apply to their situation and ensure they remain compliant with all rules and regulations.

The firm is currently being retained by entities seeking licenses in this newly legalized industry and can help with entity formation, creation of organizational documents, tax advice, and any other legal questions clients may have.

The firm is also well recognized for its other practice areas, which include appellate practice, commercial litigation, real estate, corporate and commercial transactions, family law, guardianships, land use, municipal representation, surrogate's court litigation, taxation, and trust and estate planning.
